

Appendix B. Differences in Governance Competence by Demographic Profile

This appendix presents the results of the statistical analysis on differences in the governance competence of Indigenous Peoples' Mandatory Representatives (IPMRs) across selected demographic variables. Mean scores for knowledge, skills, and functional capabilities, along with corresponding significance values from nonparametric tests, are reported.

Table 3A

Difference in the level of Governance Competence of Indigenous Peoples Mandatory Representatives When Grouped According to Demographic Profile

Legend: ** - Significant * - Not Significant

Profile	N	Knowledge		Skills		Functional Capabilities		
		Mean	Sig	Mean	Sig	Mean	Sig	
Age	Young Adult (19-39)	4	3.27		3.29		3.43	
	Middle Adult (40-65)	14	3.40	.55*	3.56	.30*	3.44	.93*
Gender	Male	9	3.30		3.75		3.67	
	Female	9	3.34	1.0*	3.33	.13*	3.37	.19*
Ethnolinguistic Group	Tuwali	9	3.44		3.33		3.54	
	Ayangan	9	3.22	.34*	3.51	.34*	3.33	.30*
Educational Attainment	College Graduate	10	3.46		3.52		3.52	
	College Level	8	3.18	.15*	3.30	.36*	3.33	.32*
Length of Service	0-5 years	13	3.31	.47*	3.49	.15	4.11	1.0*
	6-10+ years	5	3.40		3.24		4.16	
Number of Gov't-Related Trainings Attended	0-10	13	3.22	.07*	3.25	.006**	4.05	.07*
	11-15+	5	3.64		3.88		4.32
